

Transportation

The need for safe passage of each child to school and back home is of paramount importance to us. To ensure safe travel the school has its own fleet of school buses designed as per standards and manned by trained drivers and personnel sensitized to the needs of small children. DAV Ambota is providing complete facilitated bus services covering the entire area with different stops at regular and punctual time intervals for picking up students. The School transportation is equipped with facilities laid down by the State transportation department and as per CBSE guidelines. School buses are spacious with a required capacity to accommodate students. Every bus has a teacher to ensure proper discipline & safety of students. School bus drivers are responsible to pick & drop the children to their respective stops.
